

Opening the ABC SharePoint Site WBT in Adobe Flash Player

WBTs (SWFs or Flash files) play in Adobe Flash Player, which you can download free directly from Adobe, just as you download Adobe Reader to play PDF files. WBT is an industry term for Web-Based Training. This WBT is multi-media and interactive, with an audio track that narrates the WBT.

- 1 To download the Adobe Flash Player, go to: <http://www.adobe.com/downloads.html?promoid=KAWQL>

The Adobe Downloads site opens, with a **Downloads** list.

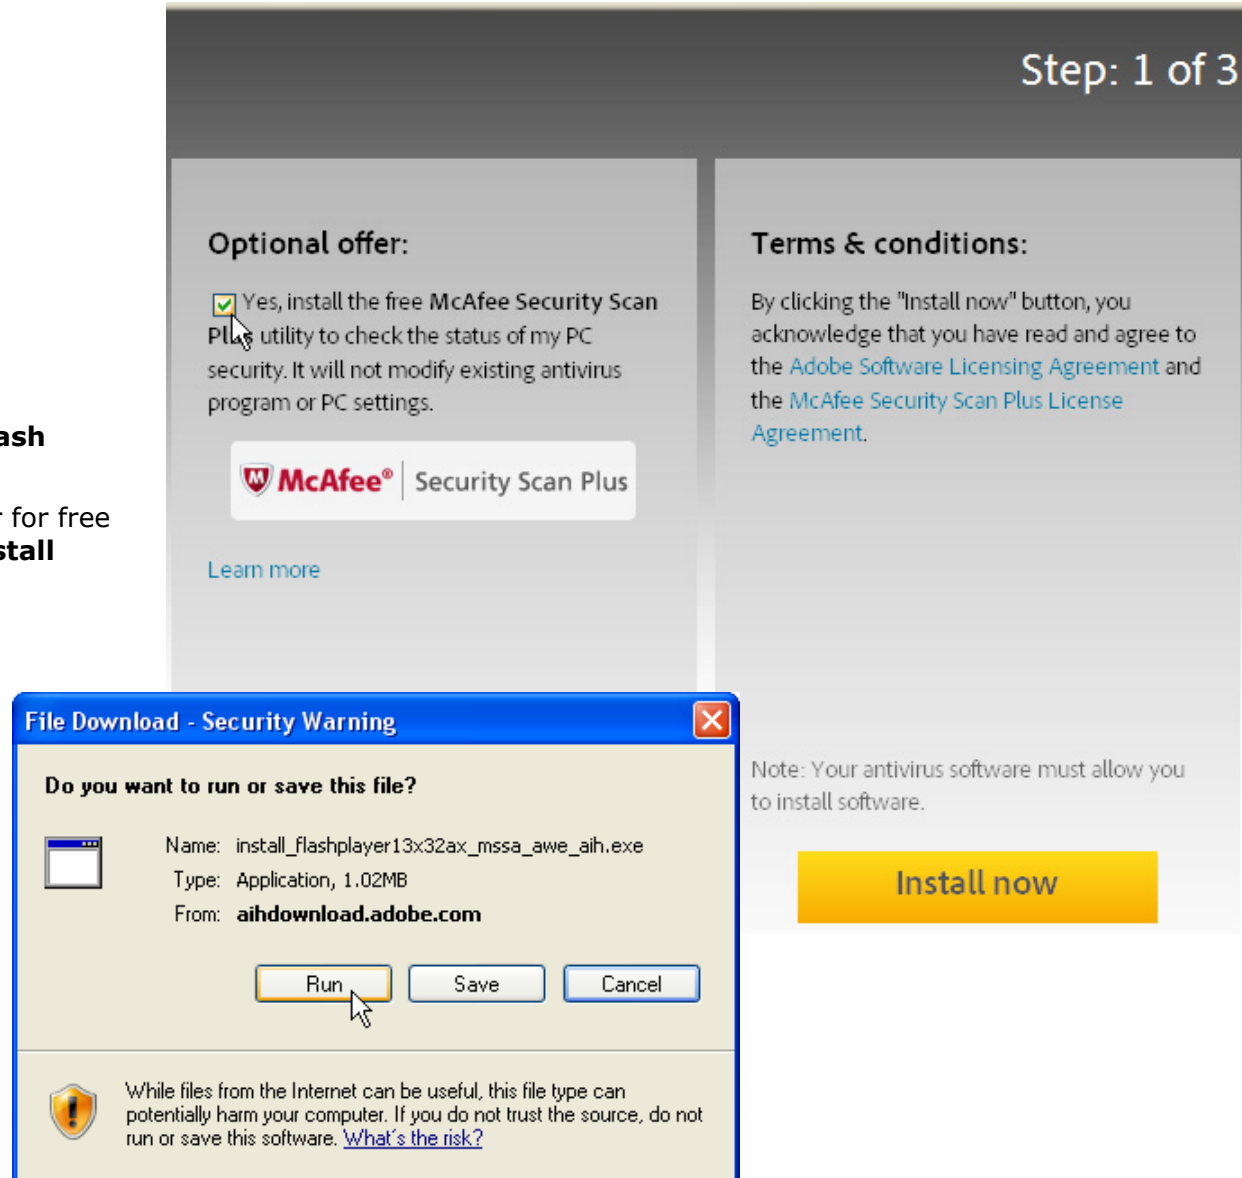

- 2 Under Downloads, click **Adobe Flash Player**.

Another page opens, with an offer for free **McAfee Security** and also an **Install** button for Adobe Flash.

- 3 Clear (uncheck) the **McAfee** offer.
- 4 Click the **Install now** button.

A File Download message asks you if you want to run or save the Flash installation file.

- 5 Select **Run**.

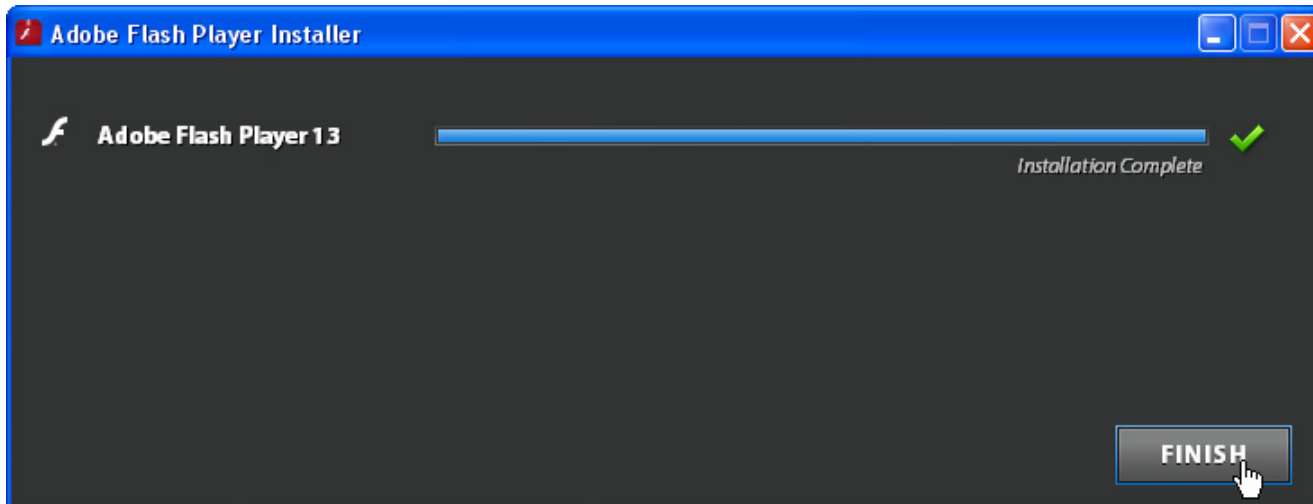

The screenshot shows the Adobe Flash Player installation page, labeled "Step: 1 of 3". It features an "Optional offer:" section with a checked box for "Yes, install the free McAfee Security Scan Plus utility to check the status of my PC security. It will not modify existing antivirus program or PC settings." Below this is a "McAfee Security Scan Plus" logo and a "Learn more" link. To the right, under "Terms & conditions:", it states that clicking "Install now" implies agreement to the Adobe Software Licensing Agreement and the McAfee Security Scan Plus License Agreement. A yellow "Install now" button is visible at the bottom right. In the foreground, a "File Download - Security Warning" dialog box is open, asking "Do you want to run or save this file?". The file details are: Name: install_flashplayer13x32ax_mssa_awe_aih.exe, Type: Application, 1.02MB, From: aihdownload.adobe.com. The "Run" button is highlighted with a mouse cursor. A note at the bottom of the dialog reads: "While files from the Internet can be useful, this file type can potentially harm your computer. If you do not trust the source, do not run or save this software. What's the risk?"

Opening the ABC SharePoint Site WBT in Adobe Flash Player

- 6 When an Internet Explorer Security Warning appears, click **Run**.

The Adobe Flash Player Installer opens, with a progress bar.

- 7 Click **Finish** when the Adobe Flash Player Installer says **Installation Complete**.
